Possessing strong analytical and problem solving skills as well as an interest in information technology development. Proficient in Microsoft Office and Google Workspace. Possesses foundational Python programming skills for developing applications and data analysis.

EDUCATION

Siliwangi University, Tasikmalaya

Bachelor of Informatics | **GPA: 3.68 / 4.00** | Aug 2023 – Present

WORK EXPERIENCE

PT Telkom Indonesia (Persero) Tbk | Internship June – Aug 2026

- Developed Sales Assist web application to streamline RAB preparation, integrating 2,134+ product master data and a 7-stage workflow from customer requirements to product recommendations and Excel-based RAB output.
- Designed and developed responsive web interfaces using HTML5, CSS3, and Vanilla JavaScript, integrated with REST API and JWT authentication.
- Supported client and project coordination through 10+ deliverables, including meeting notes, reports, scheduling, and Notion documentation.

TECHNICAL PROJECTS

UI/UX Designer | Smart Angkot & Azzac E-Commerce Projects | 2024

- Designed 18 high-fidelity UI screens using Figma, including mobile and desktop interfaces for Smart Angkot and e-commerce features such as login, route planning, schedules, product listing, product details, checkout, payment, and user profile.
- Developed intuitive user flows and 20+ reusable UI layers/frames, creating structured and seamless experiences across transportation and e-commerce applications.

Frontend Developer | Sales Assist & Automated RAB Website | 2026

- Developed a website to automate RAB generation, integrating 2,134+ Telkom product data for product matching and recommendation.
- Implemented a 7-stage workflow that processes customer requirements into product recommendations and automatically generates Excel-based RAB output.

ORGANIZATIONAL EXPERIENCE

- **Mentor | Informatics LKM | 2025** : Mentored and guided 10 Informatics students, providing support in developing leadership and organizational skills throughout the program.
- **Consumption Division | Informatics OMBUS Committee | 2024** : Coordinated food and beverage needs for 50+ committee staff and guests, ensuring proper preparation and distribution throughout the department-level orientation program.
- **Mentor | Informatics MABIM | 2024** : Guided and mentored 10 Informatics students throughout the Masa Bimbingan (MABIM) program, supporting their academic adaptation, participation, and engagement as new students.
- **Logistics & Decoration (Fun Gathering Informatic 23) | 2023** : Managed and organized 20+ event items, while coordinating logistics and decoration requirements to ensure proper preparation and smooth execution of the department-level event.
